WSST Awards Nominations

Ron Gibbs Award
This award may be given annually to honor a person who has made outstanding contributions in science education over a long and distinguished career in Wisconsin. This is the WSST’s most prestigious award. Those eligible would include elementary, secondary, or college teachers and any other active support of science education.

Excellence in science
The purpose of this award is to foster excellence in science instruction and to recognize that excellence. The award is given annually to persons who have made outstanding contributions to the improvement of science education in Wisconsin.

Frank Zuerner New Teacher Scholarship
This scholarship goes to a first, second or third year elementary, middle or high school science teacher. The purpose of the scholarship is to encourage a new-to-the-profession science teacher who demonstrates potential for teaching and leadership to become involved in and network with others in WSST.

Friend of Science
The intent of this award is to recognize outstanding contributions to the support of science teachers by individuals, groups, corporations, foundations, etc., outside the science education community.

Administrator Award
The WSST Administrator Award was designed to acknowledge the superior K-12 Principals, Vice Principals, Curriculum directors and District Superintendents who promote, showcase and support science education.
